Tool List for the Finial Star woodturning project

These are the tools that I used to make the Finial Star Lidded Bowl in the Demonstration:

1/16" Parting Tool
3/8" Bedan with angle for chucking tenon
3/8" 40/40 Bowl Gouge
1/2" 40/40 Bowl Gouge
3/4" Arc Negative Rake Scraper
General Brand Vernier Caliper (for scribing)
Inside Caliper (for measuring recess)
Figure 8 Caliper (for wall thickness)
1/2" Square Recess Scraper
3/8" Finial Gouge
1/4" Pyramid Tool
1/2" 50/50 Negative Rake Scraper
Depth Gauge

Please note: It is not necessary to have all of these tools to make this project! These are what I used, but it is possible to make this project without owning all of these tools.

Most of these tools (and more) are available on my website, cindydrozda.com. The rest of them can be found at other woodturning tool suppliers.
